

The Yukon Electrical Company Limited
An **ATCO** Company

September 5, 2013

Yukon Utilities Board
Box 31728
Whitehorse, YT Y1A 6L3

Attention: Mr. Bruce McLennan
Board Chairman

Dear Sir:

**RE: Yukon Electrical 2013-2015 General Rate Application
Response to Board Order 2013-07**

Further to Board Order 2013-07 dated August 28, 2013, Yukon Electrical provides the following further and better responses to the Information Requests listed below.

UCG-YECL-5(b)

The Board requested that Yukon Electrical provide a response to this request that includes GST. Please find this information in Attachment 1 to this letter.

UCG-YECL-9(a)

As stated in its response to UCG-YECL-9(a), Yukon Electrical obtains the historical Heating Degree Data from Environment Canada's website (<http://climate.weather.gc.ca/>). Yukon Electrical has been capturing the HDD data into an Excel spreadsheet over a number of years using a manual process, as required from time to time for sales forecasting. A summary of the monthly HDD data for Whitehorse and Watson Lake for 20 years (1993-2012) is provided in the Application in Section 2, Attachment 20. Following the procedure outlined in Yukon Electrical's August 20, 2013 response to the UCG's request for the HDD source documents, Yukon Electrical has compiled a PDF file of the screen shots of Environment Canada's weather data for both communities. Please find this information in Attachment 2 to this letter.

Please note that for reasons unknown to Yukon Electrical, the Whitehorse monthly HDD data for 1996 and 1997 (with the exception of November 1997) which was previously available to Yukon Electrical in the past, is either no longer available or incomplete at this time. Therefore, Yukon Electrical cannot provide the source data for those years. In addition, there may be some discrepancies between the HDD data provided in the screen shots and what was filed in Attachment 20 of the Application due to one, or a combination of, the following reasons:

- Environment Canada has revised the data since it was last retrieved; and/or
- There are some months for which HDD data for one or several days is missing. The HDD for those days was interpolated using the average HDD of the two adjacent days.

UCG-YECL-18(a)

The Board requested that Yukon Electrical provide an Excel spreadsheet that shows the calculation of the forecast fuel price including a listing of the invoiced amounts that make up the fuel inventory balance. Please find this information in Attachment 3 to this letter.

UCG-YECL-30(j)

The Board requested that Yukon Electrical provide a response with more detail including showing the impact on major components of the revenue requirement model, such as the change in income tax and any other changes that occur. Please find this information in Attachment 4 to this letter.

We trust the foregoing is satisfactory. If you have any questions in respect of the above, please contact me at (780) 733-2489.

Yours truly,

Original Signed by

James Grattan, CA
Director, Regulatory

Line No.	Description	Actual 2010	Actual 2011	Actual 2012	Test Period 2013	Test Period 2014	Test Period 2015
1	Production						
2							
3	<u>62600 - Hydro Generation</u>	111	108	154	320	419	454
4							
5	Costs increase in 2012 due to environmental costs related to the						
6	Fish Lake water licence process.						
7							
8	Costs increase in 2013 due to labour and fringe for increases for inspection						
9	and maintenance (\$60), as well as various Fish Lake other costs						
10	as a result of the water licence (\$106).						
11							
12	Costs increase in 2014 mainly due to the addition of an environmental						
13	technician position (\$92) and related fringe costs (\$27) offset by lower						
14	other costs for Fish Lake monitoring (\$20).						
15							
16	Costs increase in 2015 due to increased labour and fringe from an additional						
17	Power Line Technician Apprentice added to the compliment (\$14), higher						
18	costs for Fish Lake licence requirements (\$13) and Inflation (\$8).						
19							
20							
21	<u>64600 - Diesel Generation</u>	487	601	457	519	704	715
22							
23	Costs increase in 2011 mainly due to costs related to maintain						
24	connectivity to the Hydro Grid while Yukon Energy performed capital						
25	maintenance on the system i.e. 'Aishihik Bypass' project (\$114).						
26							
27	Costs increase in 2013 mainly due to lease costs for Liquid Natural						
28	Gas facilities at Watson Lake (\$88) and inflation (\$12) offset by						
29	reduced labour and other costs.						
30							
31	Costs increase in 2014 mainly due to additional lease costs for a full						
32	year lease of Liquid Natural Gas facilities at Watson Lake (\$176).						
33							
34							
35	<u>82600 - Hydro Maintenance</u>	19	63	105	48	49	51
36							
37	Costs increase in 2011 mainly due to increased maintenance						
38	for unit 2 governor and bearings (\$24) as well as increased						
39	labour and fringe (\$18).						
40							
41	Costs increase in 2012 mainly due to increased maintenance						
42	for unit 2 related to the generator and flywheel (\$57) offset by						
43	lower labour and fringe (\$15).						
44							
45							
46	<u>84600 - Diesel Maintenance</u>	913	1,013	1,193	1,216	1,238	1,261
47							
48	Costs increase in 2011 mainly due to overall higher contractor costs						
49	for maintenance for various overhauls and repairs.						
50							
51	Costs increase in 2012 mainly due to overall higher contractor costs						
52	for maintenance for various overhauls and repairs.

53	Distribution						
54							
55	<u>87000 - Supervision</u>	234	242	263	297	305	314
56							
57	Costs increase in 2012 due to higher costs for fringe benefits						
58	due to pension funding (\$15) and higher after-hours call						
59	management services (\$7).						
60							
61	Costs increase in 2013 due to higher costs for after-hours						
62	call management services due to higher usage (\$29)						
63	and inflation (\$5).						
64							
65							
66	<u>87100 - Brushing</u>	355	283	543	403	411	420
67							
68	Costs decrease in 2011 due to brushing activities deferred to 2012 as a						
69	result of weather and contractor availability.						
70							
71	Costs increase in 2012 due to lag from 2011 as a result of weather and						
72	contractor availability.						
73							
74							
75	<u>87300 - Maintenance</u>	1,769	1,808	1,938	1,989	2,034	2,132
76							
77	Costs increase in 2012 due to higher costs for various services,						
78	material and equipment (\$70), and higher fringe costs						
79	due to pension funding (\$60).						
80							
81	Costs increase in 2013 and 2014 mainly due to inflation.						
82							
83	Costs increase in 2015 mainly due to inflation (\$51) and						
84	higher labour cost due to the addition of a Power Line						
85	Technician Apprentice to the compliment (\$47).						
86							
87							
88	<u>87400 - Underground Line Maintenance</u>	95	91	205	173	177	203
89							
90	Costs increase in 2012 due to increased overall activity (\$89)						
91	and costs for Arctic Winter Games (AWG) support (\$25).						
92							
93	Costs decrease in 2013 due to reduction in costs for AWG (\$25) and						
94	lower other costs (\$7).						
95							
96	Costs increase in 2015 mainly due to the addition of a Power Line						
97	Technician Apprentice to the compliment (\$20) and inflation.						
98							
99							
100	<u>87700 - Transformer Repair and Replacement</u>	36	47	112	78	81	87
101							
102	Costs increase in 2012 mainly due to a major repair						
103	required for the shipyards park transformer (\$67).

159							
160	Costs increase in 2013 mainly due to an additional Customer Service Advisor (\$21),						
161	inflation (\$17), and increased costs for billing system service requests (\$15).						
162							
163							
164	<u>71400 - Revenue Collections</u>	165	168	182	228	233	239
165							
166	Costs increase in 2012 mainly due to higher fringe costs						
167	for pension funding.						
168							
169	Costs increase in 2013 due to an additional Customer						
170	Service Advisor.						
171							
172							
173	<u>71500 - Collection of Delinquent Accounts</u>	119	110	123	140	143	147
174							
175	Costs increase in 2012 mainly due to higher fringe costs						
176	for pension funding.						
177							
178	Costs increase in 2013 due to an additional Customer						
179	Service Advisor.						
180							
181							
182	<u>72100 - Administrative</u>	1,645	1,792	2,028	2,306	2,448	2,445
183							
184	Costs increase from 2010 to 2011 mainly due to the addition of a Financial						
185	Analyst (\$78), higher ITEK-IT Costs (\$38), and higher Head Office costs (\$31)						
186							
187	Costs increase in 2012 mainly due to addition of a Corporate Accountant and						
188	Manager position to support the accounting, finance and regulatory functions.						
189							
190	Costs increase in 2013 mainly due to the full year impact of additional positions						
191	added in 2012 (\$135), inflation (\$71), increased costs for HR (\$35), as well as						
192	rates and terms & conditions support (\$25).						
193							
194	Costs increase in 2014 mainly due to the one-time costs for Phase II process (\$76)						
195	and inflation. Costs decrease in 2015 due to no Phase II costs offset by inflation.

Page 5 of 5**

Line No.	Description	Actual 2010	Actual 2011	Actual 2012	Test Period 2013	Test Period 2014	Test Period 2015
196	Administration and General						
197							
198	<u>72200 - Administration Corporate</u>	184	71	196	135	137	140
199							
200	Costs decrease in 2011 mainly due to a reduction in Regulatory costs						
201	from the Prior year Phase II proceeding (\$113K).						
202							
203	Costs increase in 2012 mainly due to Regulatory intervention costs						
204	for YEC Phase I (\$103) and higher bank fees from higher						
205	volume of customer credit card payments (\$22).						
206							
207	Costs decrease in 2013 due to lower regulatory costs.						
208							
209							
210	<u>72300 - Insurance</u>	215	244	245	262	202	138
211							
212	Insurance costs increase in 2011 due to absence of						
213	experience credits and increase costs for the policy.						
214							
215	Costs decrease in 2014 mainly due to the removal of Transmission						
216	and Distribution line insurance coverage starting July 1, 2014.						
217							
218	Costs decrease in 2015 mainly due to the full year effect of the						
219	reduction in line insurance removed July 1, 2014.						
220							
221							
222	<u>72500 - Employee Expenses</u>	253	254	248	278	283	290
223							
224	Costs increase in 2013 due to a change in policy for						
225	employee benefits for payment of the Northern Travel Allowance.						
226
