**Re: AEY and YEC Application for T&C Modifications
UCG Registration as Intervenor**

Dear Ms. Henry and Board Members:

The Yukon Utilities Consumers' Group (UCG) would like to register as an intervenor in the proceeding to review the T&C application presented by the two utilities. We plan to participate in all aspects of this rate hearing.

The nature of UCG's participation in this proceeding is to protect the interests of residential and small business consumers of electricity in the Yukon. Of particular concern is the proposed rate increases resulting from this process.

UCG is particularly interested in more fully understanding when and how ratepayers will be impacted, both short and long term, by the proposed revisions to T&C conditions and increases to charges. As well, we look forward to hearing the alternatives utilized by the utilities to control costs and become more efficient in their operations so that T&C charges can be maintained at present levels or increased by inflation only.

UCG has retained the services of Roger Rondeau as a regulatory consultant for this proceeding given his experience in all proceedings including many previous general rate applications by both ATCO Electric Yukon and YEC.

Until more information is provided through the information request process, it is too early to tell whether UCG will need to submit additional evidence to be placed on the record.

UCG respectfully submits that the YUB fulfills all its previous mandates/applications (eg. all previous applications, including costs recoveries not yet determined) before proceeding to any new processes.

All communications related to this application and its review should be copied to rrondeau@northwestel.net).

Regards,

Roger Rondeau
