Attn: Ms. Lesley McCullough, Chair

Dear Ms. McCullough,

Re: Board Order 2025-02 regarding Terms and Conditions of Service proceeding

Thank you for granting me intervenor status.

In response to the scheduling request from the Utilities I offer the following comments. First, I do not anticipate filing intervenor evidence. And second, with respect to an oral hearing on June 15-16 vs. a fully written process, an oral hearing on these dates would mean final and reply arguments would need to be prepared in early July when I have personal commitments. Additionally, I would prefer not to have any YUB proceeding commitments over the course of our relatively short summer. In conclusion, for me a fully written process with two rounds of IRs would be preferable.

With respect to the proceeding schedule I would hope that for the fully written process option the same overall schedule with completion by the end of May laid out in Board Order 2025-01 could still be achieved. For this fully written process to be equally effective this will take more effort on the part of intervenors to be thorough in their IRs and I would hope that the Utilities would be equally diligent in providing complete and thorough answers to the IRs submitted.

Whichever process is determined by the Board to be appropriate I will participate as fully as my circumstances allow.

Sincerely,

John Maissan
