YEC 2023-2024 GRA Reconsideration Proceeding

UCG-YEC-1-1

General

1. Is YEC now properly permitted for all diesel capacity in Whitehorse, Faro and Mayo? Please explain.

UCG-YEC-1-2

1. Why did the YEC take so long in adding full diesel capacity to deter rental situation by actively pursuing upgrades, rebuilds, purchasing the necessary YEC-owned diesel units?
2. Give time line of all YEC diesel owned units being upgraded, rebuilt, and new purchases.

UCG-YEC-1-3

1. Why has the YEC not done a capacity planning criteria to ensure its regulator of the N-1 standard? Explain

UCG-YEC-1-4

1. Does the YEC 20 Year Resource Plan (2006-20250) presented May 2006 refernce diesel capacity shortfalls up until 2025? Refernce and explain if followed through with all these plans.

UCG-YEC-1-5

1. Why did YEC not place rental Yukon diesels not permittable in other communitees on the grid when they became aware of permitting problems in the three chosen communities? Explain

2. Does YEC have permission to fire up ATCO Yukon Electric diesels in various communities if there is an emergency? Explain
