Re: YEC GRA – YEC Request for IR Response Extension

The City of Whitehorse (The "City") is in receipt of a request on behalf of YEC for an extension to the deadline for responding to information requests. Given the circumstances and rationale for the request, the City does not oppose an extension, and in fact the City expects that an extension should result in a better product (i.e. sufficiently detailed responses that will minimize the hearing time).

However, the City believes that if the Board grants the request, in fairness the deadline for the filing of intervenor evidence should be extended at least until March 24 from the present deadline of March 20. To keep the present schedule otherwise intact, the City would propose that the deadline for YEC to file information requests should remain April 3, 2009.

Finally, we note that YEC plans to file some responses on February 27, 2009, and the rest by March 6. Filing responses as they are completed would be helpful for the purposes of review, but the City would suggest that YEC be directed to file on March 6, 2009 a comprehensive document containing responses to all IRs, including responses that may have been filed previously, to make it easier to keep track of all responses, and ensure consistency in numbering, references etc.

Yours truly,

BROWNLEE LLP
