YUKON UTILITIES BOARD		
EXHIBIT D3-1		
DAY	CTFN	Dec 5/08

---

From: David Jensen [mailto:klondike\_dave@hotmail.com]

Subject: Dec 5th Deadline Submission

Good Afternoon

I'm writing on behalf of the Carcross/Tagish Development Corporation which has just been approved by INAC for a Micro-Hydro feasibility study on Choutla Lake/Creek in Carcross.

I was informed by a gentlemen "in the know" this morning that today was a deadline of some sort in submitting requests (of some sort) to the utilities board.

That being said; I'm confident that the only thing that will prevent this and other micro-hydro projects from succeeding in the Yukon is the amount that Yukon Electric is willing to pay for energy uploaded to the grid by these projects.

I would like to see the utilities board put this on their agenda. That if we are to build green energy solutions it will take some creative action and good-will to make it happen.

This has probably already been tabled and discussed in great detail but I just wanted to raise our concerns and intentions of developing micro-hydro in Carcross.

Looking forward to working with you in the future.

Warmest Regards

David Jensen  
ECDev Liaison Officer  
Carcross/Tagish First Nation
