1. On May 25, 2009, the Yukon Utilities Board (Board) issued Board Order 2009-6 (Order) pertaining to the costs awarded in association with Yukon Electrical Company Limited's application for approval of revenue requirements for 2008 and 2009.
2. In its correspondence dated May 30, 2009, the Utilities Consumers' Group (UCG) informed the Board that an error had been made regarding the amount of costs applied for by UCG. The Order stated that UCG had applied for a total of \$15,395.50 in costs. This was an error in transcription as UCG's actual cost application was for a total of \$8,302.75. Accordingly, the Board has changed the "Total Costs Claimed" line on page 4 of the Order for UCG to read \$8,302.75.
3. In the Order, the Board also stated that UCG did not sign, date or complete the Affidavit of Claim for Costs and encouraged UCG to ensure the Affidavit is complete when making future applications. The Board also noted that UCG did not submit receipts in support of its disbursements; it would not, however, penalize UCG for failing to do so. In its correspondence dated May 30, 2009, UCG informed the Board that it had hand delivered the signed Affidavit and the disbursement receipts. At the time of writing the Order, the Board was not aware of the delivery. Accordingly, the Board strikes paragraphs 3 and 4 on page 5 of the Order.
4. In its correspondence dated June 4, 2009, the UCG submitted that the words "the UCG's rates" should be removed from the sentence "UCG recognizes the importance of having local participation in regulatory proceedings and the need to reimburse time and costs through the UCG's rates" found in paragraph 1 on page 6 of the Order. As a clerical error was made in inserting the reference to UCG in that sentence, the Board removes the words "the UCG's" before the word "rates" from this sentence.
