Re: Late Intervenor Application to Mayo B Proceedings from Utilities Consumers' Group

On January 28, the Yukon Utilities Board released Board Order 2010-01 regarding the Yukon Energy Corporation's Mayo Hydro Enhancement (Mayo B) Project. In the Order, the Board directed parties wishing to seek intervenor status to apply by February 8, 2010.

By end of day on February 8, 2010, the Board had received intervenor applications from John Maissan (Leading Edge Projects), Yukon Conservation Society, the City of Whitehorse, and the Yukon Electrical Company Limited. On February 10, 2010 the Board received a late application from Peter Percival. Board Order 2010-2, issued February 11, approved the first four applications and Board Order 2010-03, issued February 17, approved Mr. Percival's application.

On February 19, the Board received a late application for intervenor status from the Utilities Consumers' Group.

The Board requests input from interested parties on the Utilities Consumers' Group late application for intervenor status. Comments, including any objections, are requested by noon on Wednesday, February 24, 2010.

Sincerely,
Sheena Smart
Executive Secretary
