

# Yukon Utilities Board

July 5, 2022

## Memorandum

**To:** Yukon Energy Corporation (YEC)  
Utilities Consumers' Group (UCG)

**From:** Deana Lemke,  
Executive Secretary

**Re: UCG motion to postpone YEC-THELP EPA hearing**

UCG filed a notice of motion with the Yukon Utilities Board on July 3, 2022, applying to postpone the public hearing in this matter scheduled for July 19, 2022. UCG's basis for the application is that YEC had, on June 10, 2022, given notice of deferral of several of the conditions precedent in the Energy Purchase Agreement to dates beyond the hearing date and that, accordingly, the hearing should be postponed until after the conditions precedent have been satisfied.

The following proceeding schedule has been established with respect to the UCG motion:

Action	Date
YEC response to UCG motion	July 7, 2022
UCG reply to YEC	July 11, 2022

The current process schedule will remain in effect while the Board makes its determinations with respect to the motion.
