Re: YEC request to postpone oral hearing regarding YEC application for the referral of the Electricity Purchase Agreement (EPA) with Tlingit Homeland Energy Limited Partnership submitted to the Yukon Utilities Board for review under subsection 18(1) of the *Public Utilities Act*

The Yukon Utilities Board (Board) acknowledges receipt of April 8, 2022 correspondence wherein YEC requests to postpone the oral hearing regarding the above-noted application currently scheduled for April 20 to 22, 2022. YEC's request was made due to project design changes and, accordingly, stated that amendments are required to the EPA.

The Board accepts YEC's request. The Board will hold the proceeding in abeyance until YEC provides the revised EPA. At the time YEC submits the revised EPA, YEC is directed to provide along with its filing of the revised EPA and any application amendments, the following: (1) a black-lined version of the amended EPA; (2) a black-lined version of the application reflecting the changes to the application as a result of the revised agreement; and (3) a black-lined consolidated version of all Information Request responses that are impacted by the amended EPA.

A revised proceeding schedule will be issued in due course.
