Dear Mr. Buchan:

**Re: Yukon Energy 2021 General Rate Application – Round 2 Interrogatory Responses & Round 1 REVISED Interrogatory Responses**

---

Please find attached Yukon Energy's Round 2 interrogatory responses (IRs) and Round 1 REVISED IR responses for its 2021 General Rate Application proceeding.

Round 1 Revised IRs are provided as a consolidated package. This IR package is focused on providing responses to the Revised IRs as directed by Order 2021-10 – it does not include attachments already provided during Round 1.

For the purposes of the Round 2 IR filing, Yukon Energy is providing a separate package for the responses to questions from each intervenor. The individual packages include all attachments referenced in the responses.

These separate IR packages **do not** yet contain hyperlinks where IR responses reference other questions. They also do not contain Excel attachments where these are requested.

As early as possible this week, Yukon Energy will provide the Board with a full Round 2 IR consolidation on a physical storage device for posting to the YUB proceeding website; the consolidation will include:

1. Full responses to all questions including hyperlinks where Round 2 IR responses reference other Round 2 questions; and
2. Excel files for responses that reference Excel attachments with calculations.
